APEXIUM CYBER CHALLENGE 2026

Competition Rules & Safety Guidelines

Please read carefully before registering. All participants are bound by these rules.

1 Eligibility

- Open to students and professionals aged 16+.
- Teams may have 1–4 members. Individuals compete in the solo bracket.

2 Code of Conduct

- No attacking infrastructure outside the designated scope.
- No denial-of-service attacks against the platform.
- No sharing flags or solutions with other participants during the event.
- Respect fellow competitors, organizers, and staff.

3 Scope

- Only in-scope targets listed in each challenge may be tested.
- Any accidental out-of-scope access must be reported immediately.

4 Flags & Scoring

- Flags follow the format APEX{...}.
- Dynamic scoring: point value decreases as more teams solve.
- Tie-breakers are decided by earliest submission timestamp.

5 Submissions

- All flags must be submitted through the official CTF portal.
- Brute-forcing the submission endpoint is prohibited.

6 Disqualification

- Cheating, collusion, or flag sharing results in immediate removal.
- Abuse of the platform may result in a permanent ban.

7 Prizes

- Prize distribution is final and at the organizers' discretion.
